

STOP Gov. Quinn's 67% STATE INCOME TAX HIKE!

Illinois Governor Patrick Quinn wants to raise your state income tax up to 67%. He claims this is necessary to fill a \$12.8 billion two-year state budget gap. What he doesn't say is that in recent years, when so many Illinois families have lost their savings, jobs, and homes, state revenues have continued to rise, year after year after year. Quinn's alleged "budget-crisis" is caused entirely by outrageous state overspending.

Other points of interest you won't hear from the governor

- **Gold-plated pensions** for retired local and state employees have created most of the current budget gap. Did you know that 3,597 former Illinois government employees receive over \$100,000 per year in pensions? In addition, promised pension benefits are only about half-funded, sticking future taxpayers with even bigger bills.
- By retiring at age 55 with a salary of \$100,000 a year, the average Chicago suburban government high school teacher will receive **more than \$3 million** in total pension income, plus free top-of-the-line health benefits.
- Tapas K. Gupta, one of our state university retirees, receives a retirement pension of **\$390,716 a year**—that's \$32,560 a month! See the list of *Illinois Top 100 Government Pension Payouts* for more lavish pension examples.

Don't let government pensions bankrupt our state

- Require all new state and local government hires to save for their retirement with their own contributions to 401(k) programs. Then there will be **no new unfunded government pension liabilities**.
- Increase the amount current government employees contribute to their pensions by 5%. This will reduce unfunded pension liabilities by **\$20 billion**.
- Require government employees to pay 3% of their payroll for retirement health benefits and \$250 per month after retirement. Today, they pay nothing. This would save another **\$30 billion** in unfunded health care liability.

What you can do to stop Slippery Quinn

- **Contact your state representative and state senator** and tell them to OPPOSE raising the state income tax and INCREASE the amount government employees contribute to their retirement plans. Call (217) 782-4141 or (312) 814-6440 if you need more information about contacting your state representative and state senator.
- **Copy and distribute** this flyer to your friends, family, and online groups. An electronic version is available on the web at NTUI.org.
- **Join the National Taxpayers United of Illinois** and help fight future local and state government tax increases.
